

**APPENDIX D: REASSESSMENT FORMS**

Please provide a brief discussion of each P2 opportunity explaining why it falls in your suggested categories in the above table. Fill out the following information for each of the P2 opportunities that you checked in the **Implemented** categories.

**Use these generic NE averages if you do not have specifics:**

Landfill disposal: \$24 per ton

Electricity: 7 cents per KWH

Wastewater: \$1.50 per 1,000 gallons

Please try to obtain metrics for all implemented opportunities – they are very important for program analysis. If an opportunity was implemented but no savings metrics were obtained then list the opportunity and a brief reason why below. Reasons: Promoting Good Practices in Others, Health/Safety/Preventative Benefits Only, Not Enough Time Has Passed To Quantify, Still Working On, Describe other reasons

**Opportunity Savings or (Cost)**

**Brief description (5 words)**

**Opportunity 1** \$ \_\_\_\_\_ per year \_\_\_\_\_  
 Quantification Possible? \_\_\_\_\_ If no, Why not? (see notes above) \_\_\_\_\_  
 Pounds of solid waste diverted from landfill \_\_\_\_\_ pounds per year  
 Gallons of hazardous waste eliminated \_\_\_\_\_ gallons per year  
 kWh of energy saved \_\_\_\_\_ KWH per year  
 Gallons of water saved \_\_\_\_\_ gallons per year  
 Releases Prevented \_\_\_\_\_ average # per year

**Opportunity 2** \$ \_\_\_\_\_ per year \_\_\_\_\_  
 Quantification Possible? \_\_\_\_\_ If no, Why not? \_\_\_\_\_  
 Pounds of solid waste diverted from landfill \_\_\_\_\_ pounds per year  
 Gallons of hazardous waste eliminated \_\_\_\_\_ gallons per year  
 kWh of energy saved \_\_\_\_\_ KWH per year  
 Gallons of water saved \_\_\_\_\_ gallons per year  
 Releases Prevented \_\_\_\_\_ average # per year

As you reassessed the business, did you make any other P2 suggestions?      Yes      No      If yes, please fill out the form below

<b>Opportunity A</b>	\$ _____ per year	Brief Description _____
Pounds of solid waste diverted from landfill	_____	_____ pounds per year
Gallons of hazardous waste eliminated	_____	_____ gallons per year
kWh of energy saved	_____	_____ KWH per year
Gallons of water saved	_____	_____ gallons per year
Releases Prevented	_____	_____ average # per year
Who led the project (intern/client/combined)?	_____	
Was this opportunity suggested for educational purposes only? Implementation is not expected.	_____	
<i>Safety Benefits:</i>		
Safety Benefit Type (see description above)	_____	
What is the hazard to employees (slips/trips, inhalation, skin contact, ingestion, etc)	_____	
How many employees would be exposed per year?	_____	_____ Employees
<i>Preventative Benefits:</i>		
What material would be prevented from being released?	_____	
If released where would it go?	_____	
How much will be prevented from being released?	_____	

<b>Opportunity B</b>	\$ _____ per year	Brief Description _____
Pounds of solid waste diverted from landfill	_____	_____ pounds per year
Gallons of hazardous waste eliminated	_____	_____ gallons per year
kWh of energy saved	_____	_____ KWH per year
Gallons of water saved	_____	_____ gallons per year
Releases Prevented	_____	_____ average # per year
Who led the project (intern/client/combined)?	_____	
Was this opportunity suggested for educational purposes only? Implementation is not expected.	_____	
<i>Safety Benefits:</i>		
Safety Benefit Type (see description above)	_____	
What is the hazard to employees (slips/trips, inhalation, skin contact, ingestion, etc)	_____	
How many employees would be exposed per year?	_____	_____ Employees
<i>Preventative Benefits:</i>		
What material would be prevented from being released?	_____	
If released where would it go?	_____	
How much will be prevented from being released?	_____	

Other P2 opportunities the client implemented since first assessment \_\_\_\_\_

---

Did your business contact say the P2 intern assessment had an impact on the business? Yes No If yes, what impact? (Increased awareness, began looking for P2 opportunities when making business decisions, improved employee involvement, improved employee morale, etc.)

\_\_\_\_\_

---

If you could speak with the intern who first assessed this business, what suggestions would you give him/her to improve the rate of implementation of opportunities, or acceptance of P2 by the business? \_\_\_\_\_

---

Additional comments about the reassessment:
